### YANKEES CROSS GERMAN BORDER

American Troops Move Toward Metz and Occupy Briey, Center of Great Iron Basin.

### FOE FIGHTS IN BRUSSELS

Allies Call on German High Command to Stop Destruction and Pillaging or Suffer Consequences—Foch to Enter Metz.

Paris, Nov. 15.—The German frontier has been crossed by American troops, who are moving toward Metz and Strassburg, and have occupied Briey, the center of the famous iron basin of that name. Briey is 28 miles northeast of Verdun and 12 miles northwest of Metz.

Marshal Ferdinand Foch, commander-in-chief of the Allied armies, will make solemn entries into Strassburg and Metz Sunday in the presence of President Poincare and Premier George Clemenceau.

**Alsace-Lorraine Governors Named.** Metz is 12 miles and Strassburg 30 miles from the battlelines at the close of hostilities.

As the evacuated towns and villages in Alsace-Lorraine are taken over, the German civil administrations are replaced by French officials. Reoccupation of the restored provinces will be carried out precisely the same as that of northern France, as it is considered that Alsace-Lorraine has been occupied by the enemy 48 years instead of four years.

A council of ministers has been appointed for administration of affairs in Alsace-Lorraine during the period of the armistice.

State Councillor Maringer will be high commissary of Alsace-Lorraine and regional commissary of Strassburg. M. Tirman will be commissary of Metz and M. Poulet of Colmar.

**Chiefs to Meet in Paris.**

A. J. Balfour, British foreign secretary, and Baron Sonnino, Italian foreign minister, will arrive in Paris, the Journal says. Premier Lloyd George of Great Britain and Premier Orlando will follow the foreign secretaries shortly. On their arrival, it is added, discussions will begin to prepare the preliminaries for peace.

**Germans Fight in Brussels.**

Amsterdam, Nov. 15.—Forty persons were killed and injured in a battle between German soldiers and Belgian civilians in Brussels. The Belgians fought from the house-tops.

**Violating Truce Terms.**

London, Nov. 15.—German soldiers are committing acts of violence against inhabitants and are destroying and pillaging, contrary to the terms of the armistice, according to a French official wireless message received here.

The message, which is from the Allied high command to the German high command, says that the Allied command expects the German command to take measures to stop the violations.

If the acts increase, it is added, the Allied command will take steps to end them.

### MAY MEET AT VERSAILLES

French City Has Facilities for Peace Conference.

Paris, Nov. 15.—The general feeling of the associated governments is that Versailles-Paris is the most convenient place to hold the peace conference and if this were decided on it also would serve as a recognition of the paramount position of France in the war.

In addition to these considerations there are certain practical ones of telegraph and cable facilities and easy communication between the capitol and the ample living accommodations as compared with those in the smaller Holland and Switzerland cities.

### BUSINESS BOOM PREDICTED

Officials Expect No Hard Times During Reconstruction.

Washington, Nov. 15.—Within a few weeks the United States will undergo a big boom, according to the forecast of leading government officials here. They anticipate no hard times or panic during the process of graduating industry back from war to peace.

Secretary McAdoo Favors Continuing Policy of Sending Money to the Allies.

Washington, Nov. 15.—Revision of the pending revenue bill with a view to yielding \$6,000,000,000, payable in the calendar year 1919 and not less than \$4,000,000,000 the following year, was recommended by Secretary McAdoo in a letter to Chairman Sims of the Senate finance committee, setting for the Treasury's financial program for the reconstruction period.

The secretary estimated expenditures in the fiscal year ending next June 30 would be \$18,000,000,000, instead of the \$24,000,000,000 estimated before there were prospects of peace.

He declared for a continuation of the policy of lending to the Allies for a limited time for reconstruction after peace to enable them to purchase foodstuffs, raw materials and manufactured products in this country.

The appeal was dated Berlin and signed Gertrude Baumer and Alice Soloman for the "National Council of Women of Germany."

The November issue of the "Empire Paper News" contains a fine picture of Albert Bromann of the Dispatch force with this mention: "Albert E. Bromann of the Brainerd, Minn. Dispatch loved the smell of good old printers' ink, but his nostrils longed for a whiff of the storm-swept Atlantic. Accordingly he left his duties as an ad-man and pressman and donned the navy blue on August 19, 1918. Bromann is at present at the Great Lakes, Ill., Training Station." Since the above was printed he has been transferred to Hampton Roads, Va.

BRAINERD'S ODDEST  
STORIES OF TODAY

The St. Cloud Journal Press mentions this: "The Duluth News Tribune modestly admits that it is a real newspaper. That is true enough but the statement loses much of its value when the N. Trib. feels it necessary to tell its own and only self."

Which the Little Falls Transcript copies and heads, "Brainerd Dispatch, Likewise."

As to this comment it is needless to argue with either the St. Cloud J. P. or the Little Falls Transcript. The News Tribune and the Dispatch were on the job when it came to spreading the news Nov. 11.

How would Brainerd readers of the regular edition know of a special at 5:30 A. M. and another at 10:45 unless the Dispatch told them of it? Besides,

the force on the Dispatch which made possible the editions was mentioned and due credit given them. Like the News Tribune which covered the war's end and the forest fire with 48 hour shifts, the Dispatch too

has a force that is ready to "hop to it" and get the news to its readers. Taking your readers into your confidence

and showing them how work is done for the common good of the subscribers is really nothing boastful. Maybe the papers who comment so sarcastically on the News Trib. and the Dispatch "fell down on the job" peace day and had nothing to brag about.

AMENDMENTS  
TO CHARTER

Our city tax rate is lower than other cities. Consequently our revenue is insufficient and we are on the verge of bankruptcy. With the increase allowed by the amendments, the total will then be less than the great majority of cities.

The amendments submitted by the Charter Commission to remedy our present deplorable financial condition are printed in all three of the weekly editions of the Brainerd papers. In order to draw a comparison of the latest Tax Rates (1917) in other cities, numerous inquiries have been sent out and replies have been received as follows:

The present charter limit of Brainerd is ten mills, to this however, is the 1/2 mill for the band and also 2.15 mills to cover judgments entered against the city, making a city tax rate of 12.65 mills for the year 1917.

By comparing this rate with the rates in other cities it is not surprising that we find our city financially embarrassed and unable to pay all bills even under a most economical administration. Our streets are in frightful condition and getting worse every day, with no means under the present charter to improve the situation.

The amendments offer the remedy, the increase is not unreasonable and the benefits are far reaching. Read them over carefully and if there are any points not quite clear to you, ask any member of the Charter Commission from your ward and he will cheerfully undertake to furnish you with the desired information.

The Charter Commission has worked for months endeavoring to present such amendments as are absolutely needed, fair to everyone, and a tax rate not unnecessarily high. There is nothing hidden among them in any way, and they will bear the most searching examination. If you are a loyal citizen of Brainerd, study these amendments carefully and thus be able to vote intelligently at the election of Dec. 3rd next. If our citizens will only read and become familiar with these amendments so as

Magie! Just drop a little Frezzone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Frezzone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Frezzone is the discovery of a noted Cincinnati genius.

To fully realize their necessity, their fairness, and the relief which they will afford to our financial embarrassment, together with the splendid opportunity of permanently rebuilding our streets, we have no fear whatever but that the amendments will carry with an overwhelming majority

Don't Invite a Cold or the Grip  
Full of Cold: Had the Grip

Many will be pleased to read how Lewis Newman, 506 Northrand St., Charleston, W. Va., was restored to health. He writes: "I was down sick and nothing would do me any good. I was full of cold. Had the grip until I got two 50c bottles of Foley's Honey and Tar. It is the best remedy for grip and colds I ever used."

H. P. Dunn, druggist. mwf

DRINK HOT TEA  
FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND  
LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled. This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else cures lumbago, sciatica and lame back misery so promptly!

## A Good Rule

THE average person who lays by some of his income or comes into possession of a sum of money is often perplexed as to the best plan of investing his funds.

First, he wants safety. Then, he wants his money where he can get it if necessary; and he wants the best rate consistent with security.

Here is a good rule to follow: Funds which you may want to use in a short time should never be tied up in securities which will not mature for a long time, or which cannot be converted quickly into cash.

A Savings Account with this bank offers an ideal method for the investment and accumulation of funds.

A Savings Account here never slumps in value. It is always worth par, and if money is left to interest dates, par and accrued interest. The investor's money is under his own control. There is no element of speculation in this form of investment.

Does not a Savings Account with this strong bank appeal to you as an investment?

## WOMAN'S REALM

### WOMAN'S WORK IS NEVER DONE IS RULE

In a letter to the Woman's Committee Council of National Defense, Mrs. Alice Winter, General Chairman, writes:

"As peace comes nearer, and we are all feeling a little relaxed from the dreadful tension, I know that we are all wondering just how this will effect our work in the Council of Defense. So you will be interested in the following telegram from Franklin Lane, Secretary of the Interior and also Chairman of the Field Division of the Council of National Defense:

Nov. 7, 1918.  
Washington, D. C.

Mrs. T. G. Winter:  
I earnestly beg you not to relax your efforts in the slightest degree on account of the possibility of an early armistice. Even if an armistice should be concluded, this does not mean that the war is over. And, in any case, the emergency will not be over for a long time. Most of the work which you have been called upon to perform must go on undiminished.

And I hope every man and woman of the Council of Defense will stay on the job."

#### SILK GLOVES ARE IN FAVOR

Hand Covering That is Not Only Economical but is Happily in Height of Fashion.

Do you remember when you somehow associated the wearing of silk gloves with old ladies in general and rather fussy old ladies in particular? If you were young and prided yourself on your smart dressing you would sooner have gone gloveless than don gloves of silk.

Just why you felt this way it is hard to say. Silk stockings carried no such odium or distinction. And surely silk gloves have always had a good deal in their favor for warm weather wear.

Cotton gloves, of course, we thought of as—well, something that you would endure bravely if you were reduced to them. They were associated with the last stages toward the poorhouse in the minds of most of us.

Then France began to wear fabric gloves and gradually we discovered that they were more easily washed and cooler than wash chambray or doekin gloves. But the best thing that ever happened to silk gloves or cotton fabric gloves was the fact that because of the war their price went up.

For the first time people were willing to try them without feeling that in doing so they would be effecting an enormous economy. Moreover, being economical has come in favor since the war. Now, although silk gloves cost probably very little less than kid gloves did before the war, still kid gloves have gone soaring so that they are in the category of luxuries.

#### TIPS FOR HOME

Try rhubarb juice, boiling hot, to remove stubborn rust stains.

A tablespoonful of either borax, turpentine or kerosene added to a pan of starch will prevent the iron sticking.

House plants need more water in very warm weather than when the temperature is either moderate or cold.

Have a place on each floor where articles to go downstairs or to go upstairs are invariably placed. Take them with you when you go and put each article where it belongs, thus saving many steps.

To prevent flour paste from becoming sour add a teaspoonful of boracic acid to a pint of paste and six drops of oil of cloves. Make the paste quite thick and be sure that it is perfectly smooth. It is a great convenience to have plenty of library paste on hand, and this will keep until used up.

If you want to carry a hat with you when motoring and yet are afraid that expensive trimmings will be mussed if the hat is allowed to rest on the bottom of the car, try getting a hatbox which will just fit the hat, slip the box into a cretonne bag and fasten firmly to one of the braces of the covering.

#### The Proper Use of Clothes.

The best people wear their clothes as they wear their personalities—they show their finest side to their families and most intimate friends. However, says Vogue, too many people show their worst side to those of whom they are fondest, and save their best for an indifferent public. This is particularly true in the matter of clothes, although the situation has changed somewhat since the war, and more and more women realize the importance of looking charming in the home. Perhaps this is because a woman wishes her husband or her son to keep the pleasantest possible memories of their fur-

#### PRESENTS LABOR'S REQUEST

Gompers Outlines Terms Desired in Peace Treaty.

Laredo, Tex., Nov. 15.—Samuel Gompers, president of the American Federation of Labor, made known the program which organized labor in America wishes to be embraced in the international peace treaty.

A resolution embracing five fundamental principles and seven secondary planks was introduced by Mr. Gompers before the Pan-American labor conference.

The labor peace plan declares against reprisals for the purpose of punishment, but makes no mention of indemnities. Order would be secured by a league of free peoples of the world bonded together to secure justice and peace relations between nations.

An international eight-hour work-day and international child labor laws are two of the results organized labor wishes to see come out of the war, the latter to be effected by denial of shipping facilities to goods manufactured by children under 16 years.

## EVERY CENT IS NEEDED

George A. Tracy, chairman of the United War Campaign, is much discouraged over the results of the campaign in the city of Brainerd. In his endeavors to learn the full necessity of the \$55,000 asked of Crow Wing county he has become convinced that every cent and more is needed—sorely needed too. He says that owing to the flu ban that the publicity which would have been given by the Four Minute men and thru public meetings generally has seriously handicapped matters. The initial meeting in which the leaders of the city were to have been instructed was called off and the necessary impetus was not given.

Some view this as a matter of sentiment only. This is not true. It is fine sentiment to provide the boys with comforts which army life does not provide. This alone will be but what the American public owes our boys, but there is more. They are active, red-blooded men over there. They seek and will have diversion. They are removed from the restraining influences of the home. The thing to be considered is whether the American public cares enough for these boys to put wholesome recreation and attractions in their camps. If this is not done some boys will not return with the record America wants them to have.

They have done their work so well that the whole world is applauding them. Are we gratified? Will we help make them comfortable—help keep them clean morally—help make life pleasant during the trying demobilizing period? The size of your subscription will decide.

## VICTORY! VICTORY!

Victory Boy and Victory Girls!

Are you Brainerd boys and girls getting into the first one hundred pledges before Saturday night? Have you called up or interviewed your principals or teachers yet? Are you wearing the button that shows you are enrolled in the "Earn and Save" division? We have made a fair start under the circumstances but because of the prevailing flu we must do our very best.

Jean Burnett was the first victory girl reported to Mr. Tracy. Her pledge to "earn and give" five dollars was a fine starter. Where are, not the nine, but the ninety-nine to go "over the top" with her this week?

Do you boys and girls think what an inspiration it will be to our soldier boys to know that "back home" we are making personal sacrifices for them, that we think of their comfort and their needs? Are we, by indifference, saying to them, "Well, you have won our battles and now we'll forget you!"

You may earn money in many ways, here are some of them:  
 Splitting and piling wood.  
 Caring for young children.  
 Running errands.  
 Cleaning silver.  
 Doing the family ironing; many women cannot get maids to help.  
 Caring for furnaces.  
 Darning stockings.  
 Washing dishes.  
 Shoveling snow will soon be in order.  
 Delivering laundry.  
 Addressing envelopes.  
 Extra typewriting.

# And a Thousand Fighters Call Him Dad!

**T**HERE is a new kind of fighter in this war. He wears a uniform but he doesn't carry a gun. He carries cheer and comfort and a great big heart. Never mind whether his uniform shows the emblem of the Y. M. C. A. or the Knights of Columbus, the Jewish Welfare Board or the Salvation Army. He doesn't care—and neither does your boy.

This new kind of fighter is making a new kind of fight. He is fighting against lonesomeness and heart-ache and monotony and worry. He is fighting for that quality which wins wars—morale!

Your boy has it. This man is fighting to let him keep it.

Maybe your boy hasn't had a letter for a long time. Or maybe there was something that worried him in the letter that he got this morning.

Or maybe he has had a disappointment—hoped for promotion and didn't get it. Or maybe he'd give a million dollars just to see his folks one minute.

It hurts to lock up things like that, deep down inside your heart. It helps to pour them out.

And that is where this man comes in—the Daddy of them all. They know that he will understand—that he won't laugh or preach. They know that he is there with the right word and the right pat on the back when it's needed most.

You Daddies of America, you men who want to go and can't, let's keep this Daddy on the job!

## Why You Should Give Twice as Much as You Ever Gave Before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1918 their:

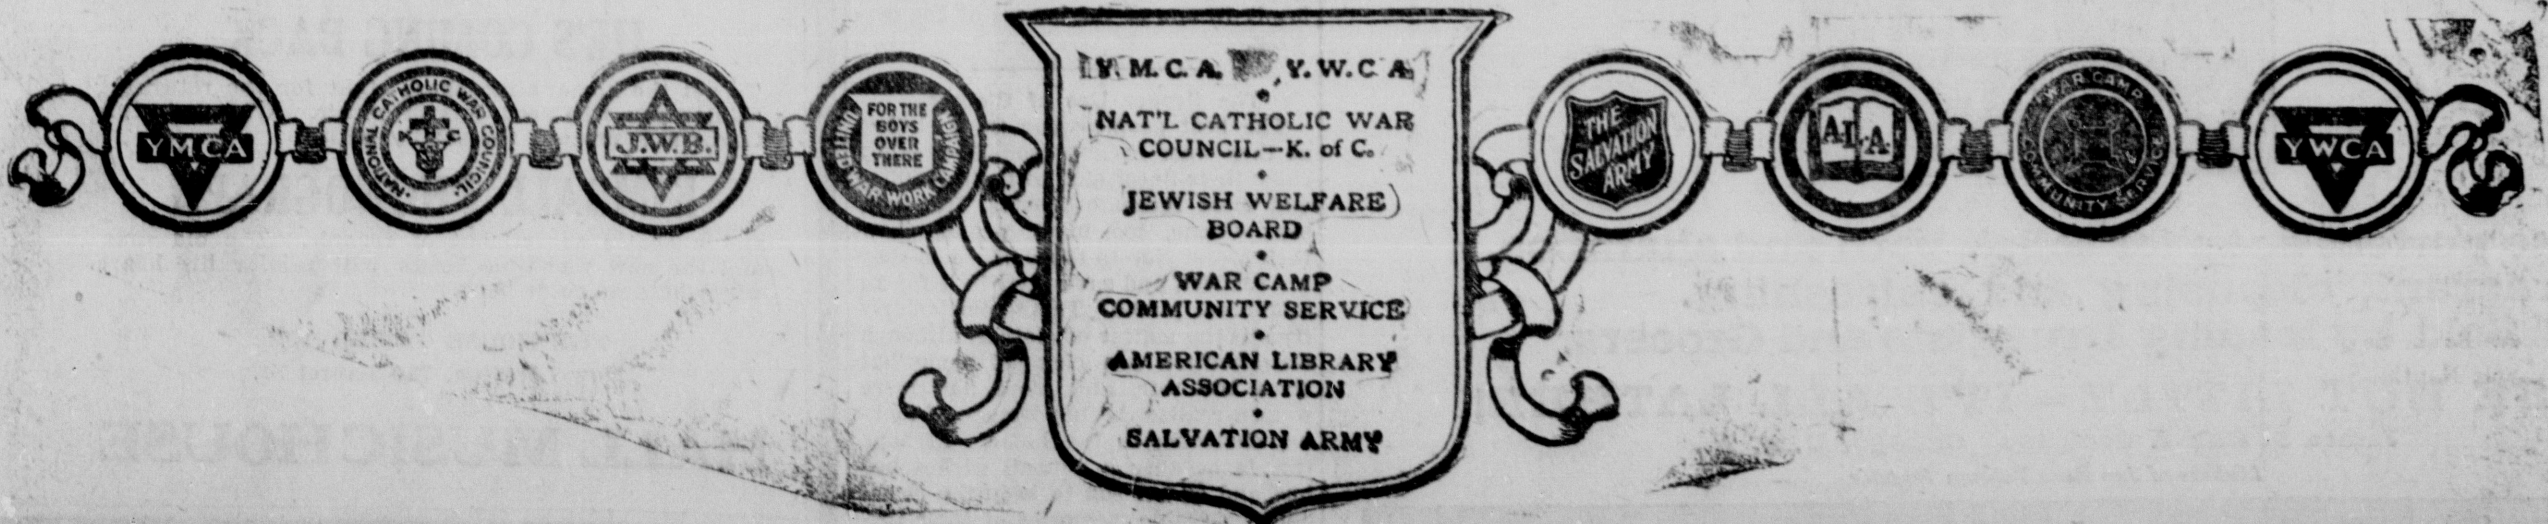

3,500 Recreation Buildings  
 1,000 Miles of Movie Film  
 100 Leading Stage Stars  
 2,000 Athletic Directors  
 2,500 Libraries supplying 5,000,000 books  
 85 Hostess Houses  
 15,000 Big-brother "secretaries"  
 Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!

## NOON DAY PRAYER TO BE UTTERED

In accordance with the proclamation of our government we as citizens of Brainerd and as a Christian nation ought to offer a minute of prayer and Thanksgiving to Almighty God for His infinite mercy in giving us victory. Let us therefore each day at the time set by the Mayor's proclamation offer a prayer of thanks and humble ourselves before His Almighty power.

### PRAYER

We thank Thee, Almighty and everlasting God, that Thou in Thine infinite mercy didst cause this world wide war to end. We pray and bless Thy Holy name for the victory that Thou didst give us. Bless our president, our country and the inhabitants thereof. Guide them in this worldwide crisis. Be with our army and navy we pray Thee.

Keep them in Thy Almighty protection and return them safely home to us. May God keep us in His holy protection and teach us to humbly acknowledge guidance and power. Be with our nation in days to come and bless us and keep us ever faithful to Thee and Thy word of light, love and peace.

ELOF G. CARLSON,

Pastor Swedish Lutheran Church.

## MINUTE OF PRAYER MEETS WITH RESPONSE

"The Minute of Prayer" is meeting with favorable response from all parts of the country. It is to be an earnest prayer for the welfare of our soldiers, sailors, nurses, government and war workers and is to be just for a minute. In Washington it has been generally observed for some time and in Minneapolis the department stores management and employees preserve a moment of gracious silence while with bowed heads they address their petition to God.

That the shop whistle is to call men to prayer is an innovation new to this industrial center. It is to be the angelus along with the church bells and wherever one happens to be he is invited to uncover and bow his head in prayer. Let this prayer be offered in the name of Christ that it may meet the conditions of the promised blessing. "Whatsoever ye shall ask in My Name that will I do."

The day for prayer is not over with the first dawning of peace. Our men are not yet home; the shadow of the pestilence is still cast over the earth; the red hand of anarchy threatens; Bolshevism in its horrid forms is big with dire possibilities of disaster to every nation; millions are starving. If after the war we do not wish to reap the whirlwind let us with humble confession of our own inability state our case to God.

## BRAINERD BOYS OVER THERE.

Parents, relatives and friends of the fellows over there are asked to lend their assistance in every way possible to make the United War Drive a success.

Do you, who personally have heard from your boys in regard to what the seven organizations have done for them, believe them or do you believe some of the stuff that some of the business men in Brainerd say in regard to them.

When your boys and friends come home they will be asked to make a personal call on those particular people (whose records and what they say will be on file) and explain in person whether or not this particular drive was worth while, if it was a graft, if the money went into other sources than that for what it was intended.

Would those that are able and have refused to do their bit, be willing to have changed places with our boys, to have gone over the top when the order came, perhaps so, but perhaps they would have been glad to have given their allotment, rather than have been in that position. Is it going to be said that Brainerd has refused to do its share?

COUNTY COMMITTEE.

## TWO BRAINERD MEN CONTEST FOR OFFICE

J. L. George, Present Auditor of Beltrami County vs. A. D. Johnson, Former M. & I. Man

GEORGE 1469, JOHNSON 1492

Johnson Has a Lead of 23 From Unofficial Figures Received, May Win Out Officially

J. L. George, who worked for Swift & Co. two or three years in 1908, was a candidate for reelection for county auditor of Beltrami county. He was opposed by A. D. Johnson, formerly of Brainerd and who while here was in the Minnesota & International railway general offices.

The contest has been close as witnessed this reference in the Bemidji Daily Pioneer of November 13:

With the official canvassing board counting the votes today some changes are being made from the unofficial returns, which are not available at the time of going to press.

The race for the county auditor's office is close and returns from Washburn and Swiftwater give George nine and five respectively and A. D. Johnson eight and thirteen respectively. This makes the totals as follows:

George 1469 and Johnson 1492, a lead for Johnson of 23.

As above stated, the count here-with is not official and the final result may be changed somewhat. There are two more precincts to be heard from, Angle and Rullen, and the contest will be in doubt until all votes are counted.

## JUDGE NOT ASKED, DID NOT DECLINE

Judge W. S. McClenahan of District Court Not Proffered Supreme Court Commissionership

WAS ASKED IN THE YEAR 1913

Declined Because Did Not Wish to Leave District Court Bench and Sever Home Ties

The report circulated that Judge W. S. McClenahan, recently re-elected without opposition district court judge of the 15th judicial district, had declined the supreme court commissionership vacated by Associate Justice Homer B. Dibel of Duluth, is without foundation as the judge had not been offered such a position since he declined a similar one in 1913.

At that time a majority of the supreme court asked Judge McClenahan to accept the supreme court commissionership, which he declined because he did not wish to sever home ties and his position on the district court bench.

In a way, the commissionership, its tenure being indefinite, is more desirable than a justiceship, which latter is for a term of six years. A commissioner draws \$7,000 annually.

Met Pichler of Brainerd Who Was Right There With the Machine Gun Corps

Mrs. Alice J. Green has received word that her son, Pvt. Geo. H. Green, Co. A., 360th Inf., was gassed during the latter part of September.

In a short letter from the hospital he wrote that he had gone over the top twice before he was gassed and that Pichler, from Brainerd, also was right there with the machine gun corps.

Mrs. Green has just received a German helmet from another son with the 21st Engineers.

First Deer Hunters Arrive in Brainerd

George Johnson, proprietor of the Electric Garage and Peter Rosko, member of the firm of Rosko Bros., appear to be the first local deer hunters to come to town with the trophies of the chase. Each brought in a fine deer.

"What else could be expected," said Johnson, "when such a company of sharpshooters gets to work."

## LIEUT. H. O. DUKE PRAISES "7 SISTERS"

Nephew of Mrs. H. H. Baker, in the Fight on the West Front, Describes Battle Scenes

ATTENDED LOCAL HIGH SCHOOL

Graduated From the University of Minnesota, Home is in Chinook, Montana

The work the "7 Sisters" organizations are doing at the war front have received high praise from Lieut. H. O. Duke of Chinook, Montana. The latter is a nephew of Mrs. H. H. Baker of this city.

Lieut. Duke attended Brainerd high school ten years ago and later graduated from the University of Minnesota. The Chinook, Montana paper's article follows:

Lieut. H. O. Duke of this place was in the big American drive on the front north of Verdun between the Meuse and the Argonne forest. He was promoted to first lieutenant after the battle. He wrote home after returning from the front for a rest period a letter giving some of his impressions of that most terrific fighting. The letter is as follows:

Dear Mother and All:—I know you have all read of the big offensive that started Sept. 26, but did you know that your son was one of the first over the top at 5:30 A. M. on that date? We fought, dug, cut and dodged for ten long miles without stopping to eat or sleep. Our division was one of the first time divisions and my company one of the first companies to go forward.

Mother, I cannot describe it—it was just awful—terrible! At 1:30 A. M. Sept. 26, our barrage started, and the noise of the shells shrieking thru the air—the awful roar of the guns—the bursting of the shells—cannot be described; it was too awful. We had massed one of the largest amounts of artillery ever before massed for an offensive. Then at 5:30 A. M. we infantry went over the top. During the first hour, my friend and more than chum, Lieut. Cochran, was killed. This almost took the heart out of me, but we had to keep right on and on, fighting the miserable, sneaking German machine guns all the way. They do not fight in the open, but hide and fight like cowards until they are surrounded—then like the curs they are they hold "Kamerad! Damn them!"

For seven days I was on the front line. Hell, dear mother—yes, and ten times hell on top of that! My clothes were torn to rags, I have not bathed for six weeks, I am unshaven and have been living in a hole Captain Potter and I dug in the ground. Their machine guns were able to fight, but Oh God, their artillery, with their high explosive shells—all you have with them is a prayer. We now well back of the firing line, having been relieved—waiting orders to go either forward or back. I hope back for that will mean the end of the war.

Our division, the 51st, did wonderful work. Our men and officers fought like demons. I cannot tell you about our casualties. But we have the Germans on the run. Well, I have been in and out, and the good Lord himself guided me safely thru. I am well, and in command of our company while Capt. Potter is away at the gas school. I am in a K. of C. hut writing this. If you people at home only knew the joy it is to

## "WASTE PAPER DAY" REGULAR EVENT HERE

Chamber of Commerce has Aided the Community in Garnering \$600 or More From Sale of Same

CAR WAS BEING LOADED TODAY

Thirty Youngsters of the City Quick to Take Advantage of the Opportunity to Make Money

"Waste Paper Day" has come to be quite an event in Brainerd and is looked forward to, especially by the thrifty youngsters of the city, who are taking advantage of the Chamber of Commerce plan to save paper and receive for the same cash with which they can buy Savings Stamps or use for the incidentals youngsters so well know how to.

Early Friday, the car was opened on the wagon road near Sixth street, and loads of paper were being carried to it in almost every manner of conveyance. Heavy dray loads of paper, children with express wagons loaded, individuals with wheel barrows were seen on the streets, all making for the car, which was well loaded before 2 p. m. today.

By this plan of saving, the Chamber has brought into the pockets of Brainerd people, over \$600 and it has proven a big success, as it affords an opportunity for rich and poor, old and young to save and the prices paid for the paper are those received at the wholesale house after the freight is deducted, the Chamber doing the work gratis and as a community proposition.

All weigh bills must be turned into the Chamber secretary at once in order to receive credit for the shipment.

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

## BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not only a relief, so you can eat what you like. At 10c and 25c per box. All druggists.
